

Word-Index to Sarvajñātman's *Pañcaprakriyā*

(Abridged Version)

Atsushi Kanazawa

Introductory notes :

1. This machine-made Word-Index was created by this author for the scholarly purposes, using the very useful computer-softwares included in “SS-TOOLS” of Mr. Akihiko Nakazono (& partly of the author himself), from the E-text of Sarvajñātman's *Pañcaprakriyā* digitalized by the author himself based on the undermentioned publication.
2. This Word-Index is for the Sanskrit text of Sarvajñātman's *Pañcaprakriyā* in *Language and Release : Sarvajñātman's Pañcaprakriyā* by Ivan Kocmarek (Delhi, 1985), pp.127-137.
3. The number in parentheses shows frequency of a word in the same line. For example, “aṃśa 128.6 130.1(2) 133.11 133.16 133.17 133.18” indicates that the word “aṃśa” appears in the page 128 the line 6, in p.133,1.11, in p.133, 1.16, in p.133,1.17, in p.133,1.18, and twice in p.130,1.1.
4. The asterisked number such as in “akṣamā 135.25*” shows that the word appears in a citation.
5. The half-parenthesized word such as in “(aṅgīkṛtya 128.15” shows that the word [i.e. aṅgīkṛtya] is a verb (including absolutive & infinitive).
6. The word whose page-line reference is replaced by “cf.pp_s.idx” is practically omitted from this Word-Index (Abridged Version).
